FOR IMMEDIATE RELEASE:

**Chico Chamber of Commerce Supports
AB 1957: Paradise Irrigation District – Design Build Authority**

March 3, 2020 CHICO, CA: The Chico Chamber Board of Directors voted to support Assemblyman James Gallagher's AB 1957 bill at the February 26, 2020 meeting.

The bill will help the Paradise Irrigation District (PID) recover from the Camp Fire by authorizing the use of the design-build project delivery method for the construction of a pipeline from Paradise to Chico. As the community of Paradise recovers from the devastating impacts of the Camp Fire, it is essential that critical infrastructure and services are restored as soon as possible. AB 1957 will help PID as it evaluates options to remain financially viable and positioned to provide a safe and affordable drinking water supply.

For more information on AB 1957: [AB 1957 Fact Sheet](#).
